## Friendly Reminders

---

**Fowl Play:** Please don't feed the birds. A growing population of geese, ducks, and occasionally, two great blue herons, have made Cummings Center "home," perhaps due to the seemingly unlimited supply of food from well-intentioned people. While the birds can be cute and fun to watch, feeding them can be harmful to their health and can also attract unwanted pests and vermin. Massachusetts Division of Fisheries and Wildlife warns that feeding encourages birds to stay in one place and build up flocks that a habitat cannot support. For these reasons, it is very much in the birds' best interest for people to stop feeding them.

## Shoe Snippets

*Fun facts about the historic Cummings Center site, formerly known as "The Shoe"*

---

Each August, The Shoe celebrated "Sam Sam" day on company grounds. Similar to the fairs of today, there were games, races, music, exhibitions of flowers and vegetables, and more. "Sam Sam" day was open to all, and in 1914, more than 20,000 people attended.

## Simple Smiles

---

Simple Smiles was created to help everyone start the week off learning, imagining, and smiling. All MetroNorth News readers are invited to submit photos of something or some place they find interesting, informative, or exciting. Please refrain from sharing photos that feature people.
